

## § 701.2

## 7 CFR Ch. VII (1–1–08 Edition)

(e) No provision or delegation herein to a State or county committee shall preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(f) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(g) The Deputy Administrator may limit the authority of state and county committees to approve cost share in excess of specified amounts.

(h) Data furnished by the applicants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(i) FSA may consult with any other USDA agency for such assistance as is determined by FSA to be necessary to implement the ECP. FSA is responsible for the technical aspects of ECP but may enter into a Memorandum of Agreement with another party to provide technical assistance. If this limitation results in significant hardship to producers in a county the State committee may request in writing that the Deputy Administrator waive this requirement for that county.

(j) The provisions in this part shall not create an entitlement in any person to any ECP cost share or claim or any particular notice or form or procedure.

(k) Additional terms and conditions may be set forth in the application or the forms participants will be required to sign for participation in the ECP.
